Summary

Creative IT technician with great expertise in Software Development. With one year working experience as a web developer.
Solid understanding of system deployment and hosting.

Great attention to detail and a talent in web design and upgrading.
Enthusiastic team player who is committed to delivering top results on time within the budget and an open mind to learn more skills for my career.

Passion for keeping supervisors and clients satisfied with each project.

Work Experience

Web Developer – Orli Construction Company
December 2020 – September 2021

- Developed the Orli Construction Company website from scratch and these increased online clients quote request by 17%
- Detected errors in software that decreases the loading and browsing performance by 23%
- Modified HTML, JavaScript and CSS web pages to resolve the problem in a 1-man team

- Managed to improve software's performance by 12% which resulted in 500+ leads in 2020
- Responsible for web hosting and site management, bug fixing and system upgrading.

IT Manager at ABA LIMITED (Tech Company) – Entebbe. (Part Timer) September 2018 – July 2019

- Managing all computer related activities like software installations, type and print activities in the organization and creating art such as logos, banners, cards, stickers, animations, video adverts posters etc. online of work, corporate personality, and client preferences.

- Arranged photographs, illustrations, and other design pieces to convey a specific look for a company website.

PERSONAL RECENT PROJECTS (Software Development)

- **Online food Store**

This is an online restaurant that sells food online based on client order and delivery request. It shows detailed Information about the restaurant and a client can order food from the online shop.
